reibelj@allegheny.edu

## OVERVIEW

Experienced student with a solid skill set containing people, management, and research skills. Seeking a position in the area of Cybersecurity that will allow me to utilize existing skills and continue to learn.

## EDUCATION

### Bachelors of Science (Emphasis: Computer Science)

Allegheny College, Meadville, Pennsylvania 2016 -2020

## PROJECTS

### Gator Grouper — *Student Developer*

Worked with other student developers in order to create a tool that will group students together automatically based on specific parameters.

### Independent Research — *Secure Data Transfer*

Development will focus on creating a tool utilizing the APIs of online office platforms in order to handle aspects of cloud storage. Will also utilize state of the art encryption and decryption tactics to ensure the security of the data for these platforms.

## EXPERIENCE

### Riverside Brewing Company — *Kitchen Supervisor*

Cambridge Springs PA

August 2019 - Current

Managing and supervising other members of the team.
